1. Introduction and Definitions

Legislative Compliance

This policy and information report is based on the statutory Special Educational Needs and Disability (SEND) Code of Practice (2015) and the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for students with SEND and disabilities.
- The Special Educational Needs and Disability Regulations 2014, which set out schools' responsibilities for education, health and care plans (EHCP), SEND co-ordinators (SENDCOs) and the SEND information report.
- Equality Act 2010.

Definitions

A pupil has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

2. Aims and Objectives of this Policy

The aims of our SEND Policy and practice in this Academy are:

- To ensure that the Academy complies with all relevant statutory legislation and guidance (e.g. the Special Educational Needs and Disabilities (SEND) Code of Practice).
- To provide every child with access to a broad and balanced curriculum. This includes the National Curriculum in line with the Special Educational Needs Code of Practice.
- To secure high levels of achievement and other positive outcomes for all.
- To meet individual needs through a wide range of inclusive provision.
- To attain high levels of satisfaction and participation from students, parents and carers.
- To carefully map provision for all SEND learners to ensure that staffing deployment, resource allocation and choice of intervention is leading to good learning outcomes.
- To promote independence, equality and consideration for others.
- To ensure a high level of staff expertise to meet students' needs, through well targeted continuing professional development.

- Support all students to excel by offering multiple pathways for progression.
- To work in cooperative and productive partnership with the Local Authority and other outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable learners.
- To “promote young people’s self-esteem and emotional well-being and help them to form and maintain worthwhile relationships based on respect for themselves and others”. (National Curriculum, 2014).
- To equip students with the skills and attributes necessary for adult life.

Objectives

- Identify the needs of students with SEN as early as possible. Staff will endeavour to gather information from parents, education, health and care services (including partner primary schools or early years’ settings) prior to the child’s entry into the Academy. Where needs have not been previously identified, staff have an obligation to report observations to the SENCo.
- Monitor the progress of all students, especially those with SEND to ensure at least good progress for all students. Continuous monitoring of those students with SEN by their teachers will help to ensure that they are able to reach their full potential.
- Make appropriate provision to overcome all barriers to learning and ensure students with SEN have full access to the National Curriculum and wider Academy life. This is co-ordinated by the Leadership Team which includes the SENCo. It will be carefully monitored and regularly reviewed in order to ensure that individual targets are being met and all students’ needs are catered for.
- Work with parents to gain a better understanding of their child and involve them in all stages of their child’s education. This includes creating opportunities for parents to contact SENCo and pastoral team at subject parents’ evenings, alongside at the SEND Plan, Do, Review meetings (three times a year). It also includes supporting parents in terms of understanding SEN procedures and practices and providing regular feedback on their child’s progress.
- Work with and in support of outside agencies when the students’ needs cannot be met by the Academy alone. King’s Oak Academy receives further support from The Children and Young Peoples Service, Educational Psychology Service, The School Nurse and Local Health Partnership, Child and Adolescent Mental Health Services (CAMHS), South Gloucestershire 0-25 team and has access to a range of specialist expertise within the CLF.
