

Dear Parents and Carers,

Today we received confirmation of a positive covid-19 test from a Year 9 student. This led to the closure of the Year 9 bubble whilst we applied our track and trace procedures in collaboration with Public Health England. Following this 1-day closure, we have been able to identify the specific students that have been in close contact with the identified student.

All families of students affected have been contacted and given guidance on the self-isolation period and remote learning has be set for those students staying at home.

If you have any concerns that you would like to discuss, please get in touch through [koa.office@clf.uk](mailto:koa.office@clf.uk)

I want to reassure everyone in our community that we are working tirelessly to keep everyone safe during the pandemic and that we have taken all the necessary steps in line with current Public Health England guidance. Students in all years should attend the Academy as usual unless they have symptoms or have been contacted separately by the Academy or NHS Test and Trace. Many thanks for your support in navigating this turbulent time.

Further guidance on what to do if a member of your household develops symptoms is included below.

Warm regards

Katherine Ogden  
Principal
