

Geographer

We will be finding out about the counties and cities in our region—South West. We will also be identifying characteristics of our region such as Cheddar Gorge and Clifton Suspension Bridge.

Jigsaw

This term we will be focussing on celebrating difference. We will be learning about why we are all fantastic and how we need to respect and cherish one another for our differences.

RE

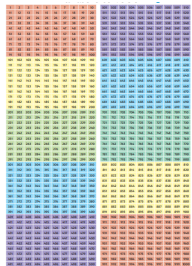

We will be looking at celebrations and festivals within Christianity: What does Christmas mean to me? How do Christians live out their beliefs in their main festivals? How does an advent calendar show the meaning of Christmas for Christians?

Mathematician

As mathematicians, we will be focussing on place value and exploring numbers between 0-999.

We will be identifying the previous and next multiples of 100 and 10, understanding the value of each part of a three-digit number and where it fits on a scale.

Year 3 - Term 2

Scientist

Light

We will be finding out how light travels, how we see things, looking at objects that let light travel through them, that do not and objects that reflect light. We will explore white light and how the primary colours of light can be mixed to make white light.

Authors

As authors we will start off by looking at the brilliant story, Who's Afraid of the Big Bad Book? We will spend some time getting to know the text and then we will innovate the story.

After we will be working on writing instructions inspired by the story.

Music

We will continue to focus on the key elements of music and of course start learning some festive and curriculum linked songs!

French

This term we will be focusing on learning new vocabulary around our hobbies.
